ISO 22000:2005 Requirements from A to Z

This class is for auditors, supervisors and managers who want to 1) learn about ISO 22000 requirements, 2) interpret the ISO 22000 standard, 3) apply ISO 22000 to their work situation. Over a dozen downloadable handouts such as: an ISO 22000 Checklist, a Desk Reference (Textbook), Study Tips, a before class assessment and after class objectives, and so on. Students must apply what they learned by **completion of an assignment for marking by an instructor**. The class consists of a series of lessons, illustrations, diagrams, interactive exercises and quizzes. Successful completion of the class will result in a certificate for 20 contact hours (2 CEU's). The subscription period for the class is 180 days (plus one free 30-day subscription extension, if needed). The overall satisfaction rating by students who have completed this class is a rating 9 out of possible 10 (10 being very satisfied).

Learning Outcomes
Particpants will learn:
